APPLICATION FOR RETIRED STATUS

Nevada Administrative Code (NAC) 628.110 -
Retired Status means the voluntary termination by a holder of a certificate of all activities in the profession of public or private accounting upon the attainment of at least 60 years of age or no longer gainfully employed. Any employment related to the financial functions of business or government, including the supervision of such functions, will be considered as active involvement in the accounting profession and will disqualify me from Retired status.

All licensees requesting "Retired Status" must be in good standing with license fees paid and current continuing education prior to approval for Retired Status.

An individual granted "Retired Status" must include the word "retired" immediately following each reference to the CPA designation on a business card, letterhead or similar document.
