Legislative Counsel’s Digest:

Existing law requires the Nevada State Board of Accountancy to adopt regulations relating to the practice of accounting. (NRS 628.120) Existing law also provides that: (1) a person who completes certain training programs for occupational, vocational, career, trade or technical education and receives a certificate for the completion of such programs is eligible to receive equivalent credit towards related professional and occupational licenses and certifications; and (2) such a person may appeal a decision by a regulatory body that results in the denial of equivalent credit. (Section 1 of Assembly Bill No. 330, chapter 360, Statutes of Nevada 2021, at page 2156 (NRS 622.087)) Existing law further requires each state agency, board or commission which has the authority to regulate an occupation or profession to adopt regulations to effectuate the purposes of these provisions. (Section 1 of Assembly Bill No. 330,

chapter 360, Statutes of Nevada 2021, at page 2156 (NRS 622.087)) **Section 1** of this regulation provides that: (1) certain persons who complete a training program for education in accounting approved by the State Board of Education and receive a certificate for the completion of that program are eligible to receive equivalent credit towards the satisfaction of educational requirements for a certificate of certified public accountant; and (2) such persons may appeal a decision by the State Board of Accountancy that results in the denial of equivalent credit.

Existing law authorizes the State Board of Accountancy to prescribe and charge certain fees. (NRS 628.250, 628.340, 628.343, 628.345, 628.370) Existing regulations provide for a \$50 fee for the transfer of the examination grades of an applicant for a certificate as a certified public accountant to another state or jurisdiction of the United States. (NAC 628.016) **Section 2** of this regulation eliminates this fee.

Existing regulations provide for a \$200 fee for an application for a certificate as a certified public accountant by reciprocity or pursuant to passing the Uniform Certified Public Accountant Examination, plus an additional fee, not to exceed \$100, for the actual cost of the investigation of the applicant's criminal history. (NAC 628.016) **Section 2** of this regulation waives these fees for a person who is an active member of, or the spouse of an active member of, the Armed Forces of the United States, a veteran or the surviving spouse of a veteran.

Existing regulations provide for a \$1,000 fee for an individual evaluation of experience for applicants for a certificate of certified public accountant. (NAC 628.016) **Section 2** of this regulation provides instead that the fee for such an evaluation shall not exceed \$1,000.

Existing law requires the Board to adopt regulations prescribing: (1) the education necessary to be eligible to take an examination for a certificate of certified public accountant; and (2) the methods of applying for such an examination. (NRS 628.230) Existing regulations provide that a person who has received a bachelor's degree from a college or university with a major other than accounting must have completed at least 21 semester hours in courses above the introductory level, which must include 9 hours in financial accounting. (NAC 628.020) **Section 4** of this regulation provides instead that such a person must complete at least 18 semester hours in courses above the introductory level, which must include 6 hours in financial accounting.

Existing regulations require each applicant for an examination for certification as a certified public accountant to provide the names of three character references. (NAC 628.020) **Sections 4 and 6** of this regulation reorganize these requirements.

Existing law requires the Board to adopt regulations setting forth certain requirements for the education and work experience for applicants for a certificate of certified public accountant. (NRS 628.200) Existing regulations set forth the educational requirements for applicants for such a certificate, including requirements to obtain 24 semester hours of credit in certain subject areas in business. (NAC 628.055) **Section 5** of this regulation revises these subject areas.

Existing regulations also set forth the work experience required of applicants for a certificate of certified public accountant. (NAC 628.060) **Section 6** of this regulation revises these requirements.

Existing regulations also require such an applicant to submit a verification form that must be signed by one or more certified public accountants to certify the applicant's experience. If an applicant has obtained the required experience but is unable to provide the verification form signed by a certified public accountant, the applicant may request an individual evaluation by the Board to determine whether the applicant's experience satisfies the requirements. (NAC 628.060) **Sections 7, 11 and 13** of this regulation provide that, effective January 1, 2025, an applicant for a certificate of certified public accountant will no longer be able to receive an

individual evaluation by the Board. **Section 11** of this regulation clarifies that if an applicant does not receive a completed individual evaluation by the Board before January 1, 2025, the applicant must verify his or her experience by submitting the proper form, signed by one or more certified public accountants, to certify the applicant's experience. **Sections 3 and 13** of this regulation make a conforming change by removing the fee for an individual evaluation from the list of fees, effective January 1, 2025.

Under existing law, the Board may waive the required examination and may issue a certificate of certified public accountant under certain circumstances. (NRS 628.310) Existing regulations set forth the requirements for an applicant who wishes to obtain such a waiver, which provide, in part, that the examination will not be waived for an applicant whose certificate to practice public accounting was based on the entitlement to practice in a foreign country unless the applicant has passed an equivalent examination approved by the Board. (NAC 628.080) **Sections 8 and 12** of this regulation reorganize and revise these provisions to provide that an applicant from a foreign country must pass an equivalent examination approved by the Board.

Existing regulations prohibit a public accounting firm from engaging in the practice of public accounting under a name that is misleading or deceptive. (NAC 628.140) **Section 9** of this regulation also prohibits such a firm from engaging in the practice of public accounting under a name that is harmful to the profession.

Existing law authorizes the Board to adopt regulations prescribing: (1) the requirements for continuing education; (2) a description of qualifying programs; (3) a system of control and reporting; and (4) a program to ensure that licensees are maintaining professional standards. (NRS 628.386) Existing regulations provide, in part, that an applicant for the renewal of a permit to engage in the practice of public accounting must complete 80 hours of continuing education every 2 years, of which 4 hours must be in professional ethics. (NAC 628.210) **Section 10** of this regulation provides instead that such an applicant must complete 40 hours of continuing education every calendar year, of which 2 hours must be in professional ethics, effective January 1, 2024.
